

12 December 2022

Despite last night's snowfall, the main roads are clear and **school is OPEN today**.

**Lessons will begin from 09:00.** We will accommodate all students arriving before that time in The Observatory.

Students should **travel safely**, wearing an **extra layer of clothing, coats, scarves, hats, over their normal uniform**, and sensible boots / shoes.

Our website server has crashed, hence unable to up-date the Notices section there.

The information is on Facebook and Instagram, but please do **spread the word** as well!
