

3 November 2022

Dear parents and carers

The DT department are taking a group of Year 10 students who study Product Design, Engineering and Textiles on this fantastic trip to **Disneyland Paris** from **Sunday 29 January to Wednesday 1 February**.

I am writing to you because your young person studies Hospitality & Catering and we are now opening this opportunity up to include students in this group. They will look at residential and non-residential Hospitality and Catering provision in the Disney Parks and carry out research to enable them to answer some exam questions based on the WJEC Specification. Whilst in Paris they will have an opportunity to study the commodities and products of French Cuisine.

The cost of this trip is £495. You can see what this includes below. *The deposit is £60 payable now on [ParentPay](#) with the balance payable in instalments.*

If you would like your young person to go on this trip BUT the cost is not affordable to you, we can apply for funds from the **ACE Foundation** to cover some of it. ACE is our charitable trust that provides opportunities to inspire our students to aim higher whatever their background or circumstances. Please email or phone Mrs E Loughran (ACE Trustee) to discuss further eloughran@carringtonschool.org, 01737 764356 extension 231.

What's the Aim of the Trip, and What's Included:

We are using a specialist educational Study Experience company 'studyexperiences.co.uk' and will be travelling to and from Carrington School by coach. The aim of this trip is to bring the classroom teaching of these technology subjects alive through a DT seminar and interactive workshop based in Disneyland Paris in which students will gain first-hand experience of their subjects in real-life environments. It will also give them the fun experience of the world renowned Disneyland and the chance to visit Paris and its iconic sights.

- Return coach travel and Channel crossings from school to Disneyland® Paris
- Three nights' hotel accommodation with continental breakfasts
- One main meal on each day
- Two-day Hopper Ticket to Disneyland® Park and Walt Disney Studios® Park
- One curriculum-led Seminar hosted by the Study Experiences facilitator
- One Interactive DT workshop
- Fully comprehensive travel insurance with AXA Travel
- We are also delighted to be able to offer the students a visit to the top of the iconic **Eiffel Tower** at no extra cost as our **ACE Foundation** is covering this to enable all students to benefit from this fabulous cultural experience

Students must have a valid passport and will need some spending money for lunches and snacks.

Should you require any further information please feel free to email me on ykendall@carringtonschool.org

Yours sincerely
Mrs V Kendall
Head of Faculty - Design Technology & Art
