

9 November 2022

Dear parents and carers

You should have received an email from School Cloud with the link to access your video appointments this evening.

If you haven't used school cloud before, the video below explains how to do this. Remember the appointments are only 5 minutes, which allows time to discuss progress, attitude to learning and targets for improvement.

[Video: Parents - How to attend appointments over video call - School Cloud Parents' Meetings](#)

If either you or a teacher have technical issues, School Cloud, have introduced a chat function so you can type a conversation.

[Video: Chat feature - School Cloud Parents' Meetings](#)

Alternatively, if you do find you are not able to complete an appointment due to technical issues please email the teacher to arrange feedback about your young person's progress.

If you do have any questions or issues, please contact me srolt@carringtonschool.org

Best wishes

Mr S Rolt
Deputy Headteacher
