

1 July 2026

Dear parents and carers

Today at 11:50am the school was put into lockdown due to an incident in which a student experienced a medical emergency. This affected the main building corridors and could have been unsettling for other students to witness, hence our lockdown procedure was implemented.

We are aware there has been speculation on social media and amongst students about this incident; we would like to assure you that whilst police and paramedics attended the school there were no weapons involved.

If your young person has been upset by the lockdown and you would like some support, please contact their Head of Year.

Kind regards,

Mrs K Oakley
Headteacher
