

10 February 2026

Dear parents and carers

This week is **National Apprenticeship Week** when there is a focus on providing information about this route available to your young person after Year 11.

I appreciate that your young person has already made an application to college for after Year 11, but if they should wish to also consider making an application for an apprenticeship, information to help you support them can be found in the Parent/Carer guide attached. It may be that apprenticeships are not right for your young person now, but in the future, they can offer a route into the workplace or be an alternative to university.

If your young person would like more information about apprenticeships, please encourage them to email me or come and have a chat in Room 2-12.

Best wishes

Mrs J Pearce
