

10 March 2026

Dear parents and carers

We have been offered the opportunity for 30 students to attend the **NSSLGlobal** Headquarters on **Wednesday 25 March** for an exciting and inspiring day of events. NSSLGlobal is an independent global satellite communications and IT management provider based locally in Redhill.

The day will include:

- **A keynote talk from adventurer Hari Budha Magar, MBE**, the first double above-knee amputee to climb the highest peaks on all seven continents. Hari will share his remarkable journey of resilience, determination, and overcoming adversity. NSSLGlobal supported Hari with the essential communications technology and services that helped make his record breaking expedition possible.
- **Workshops on overcoming challenges and supporting mental wellbeing**, offering practical tools for young people.
- **Insight into the satellite communications industry**, with opportunities to learn about STEM pathways, future careers, and the work NSSLGlobal do.

This opportunity is particularly valuable for students interested in **STEM, business, technology, computing, or communications** and further information is included in the attachment.

If you are interested in a place for your young person [please complete THIS FORM](#) before Sunday 15 March and we will let you know on Monday 16 March if you have been successful.

The event will take place at:

**NSSLGlobal HQ**  
6 Wells Place  
Gatton Park Business Centre  
Redhill, RH1 3DR

**Timings:**

- Come to **school at normal time** in **full school uniform** and meet in the Observatory at 9:00am
- We will travel by school minibus
- **Lunch and refreshments will be provided**
- Students will be **dismissed from NSSLGlobal at 3pm** to make their own way home
- There is **no cost** for students to attend

Best wishes

**Mrs K Gray**

Assistant Headteacher – Student Experience
