

11 March 2026

Dear Parents, Carers and Students

I have just been told about an **apprenticeships webinar happening tonight (11 March) between 6pm and 7pm.**

You can register here: <https://pathwayctm.com/event/apprenticeships-explained-live-with-the-department-for-education-seaan-webinar/>

This will be an engaging virtual session run by the **Department for Education's South East Apprenticeship Ambassador Network (SEAN)**, designed to demystify apprenticeships and bring them to life through real stories and expert insight.

Whether you're a student exploring options, a parent seeking clarity, or an educator supporting career decisions, this session will give you a clear and practical understanding of how apprenticeships work and why they're becoming an increasingly popular pathway.

During the session, they will:

- Break down exactly how apprenticeships work
- Explore the different levels - from Intermediate through to Degree Apprenticeships
- Explain entry requirements, pay, progression and long-term career prospects
- Challenge common myths and misconceptions
- Share honest, first-hand experiences from current and former apprentices

We hope you'll leave with greater confidence, clearer understanding, and practical next steps.

Best wishes
Mrs J Pearce
Careers Lead
