

13 November 2025

Dear parents and carers

We have an opportunity for a small group of **20 Year 9 girls** who are **interested in Computer Science** to attend an exciting **trip to visit Databricks European HQ in London** (Databricks is one of the biggest IT companies in the world with a very high reputation in the Digital World), on **Friday 28 November**. The trip is sponsored by [Cyber Girls First](#), to promote Girls in Computing. This is a really exciting opportunity and there will be presentations on interesting topics such as Spy Tracking and anti-hacking.

As places are limited, please can you discuss this with your young person and let us know, using [THIS FORM](#), whether they would like a place. **The form will go live at 6:30pm this evening** (Thursday 13 November) and places will be allocated on a first come, first served basis.

Your young person should arrive at school at 8:00am and we will walk to Redhill Station as a group. We expect to return back to Redhill Station at around 3:30pm where students will be dismissed to make their own way home. Students will need to wear full school uniform and bring a pencil case.

This is a free event. Lunch will be provided on the day, and the cost of travel is also covered by Cyber First.

If you have any questions about the trip please contact me on ablackwell@carringtonschool.org.

Best wishes
Mrs A Blackwell
Assistant Headteacher
