

17 March 2026

Dear parents and carers

We are really excited to have a team from McLaren coming in to school to visit Year 7 for a day of free workshops on Thursday 23 April.

In advance of this we are asking for donations of milk bottle tops (from plastic fresh milk bottles) which will help with one of the activities - building and racing mini racing cars. If you have any milk bottle tops, please send them in with your young person and ask them to give them to their tutor.

Best wishes  
Mrs K Gray  
Assistant Headteacher - Student Experience
