

25 June 2026

Dear parents and carers

As the hot weather is due to continue, we will be **closing school early again on Friday 26 June.**

Please note the following timings:

- Line-up, tutor/assembly, Periods 1-3 and break will remain unchanged
- Year 9 students will finish Period 3 early, at 12:00pm, to give them time to set up for the First Give charity fundraising event taking place.
- All other students will finish Period 3 at 12:30pm and are invited to go to the fundraising event and have lunch
- **Students will be dismissed from 1:10pm**
- The outdoor areas, including the astro and basketball courts, will not be in use after school closes due to the heat.

School timings will revert to normal for next week.

Water Safety

While it might be tempting to take a swim in local lakes during the hot weather, lakes can be incredibly dangerous as they are very deep and often have hidden dangers beneath the water which can result in death or serious injury to you. If you would like to enjoy the water then please book on to one of the fantastic activities at venues such as Mercers Lake, please don't risk yourselves.

Best wishes

The Carrington Team
