

3 July 2026

Dear parents and carers

The Immunisation Team will be returning to school on **Friday 17 July** to give the HPV vaccination to our year 8 students that haven't already had it.

If you haven't already done so, please complete the e-consent form by visiting www.surreyimmunisations.co.uk and entering our unique code/URN number SR143903. *This is an important vaccine for both boys and girls.* The HPV virus increases the risk of developing some cancers in later life, such as cervical cancer, some mouth and throat cancers and some cancers of the anus and genital areas. Evidence is clear that the HPV vaccine helps protect both boys and girls from HPV-related cancers. If you do not want your young person to receive a vaccine, then please fill in the 'No' box.

An automated email will be sent to you on completion of the e-consent form from school.immunisations@nhs.net. If you do not receive this, please check in your junk email or contact the Immunisation team.

The HPV vaccine is given as a single dose. Further information about this vaccine is available from:

- [The NHS website](#)
- [The NHS universal HPV immunisation programme leaflet](#)
- [The Gardasil 9 - Patient Information Leaflet \(PIL\)](#)

The National Institute for Health Research has also published videos on YouTube:

- [All about HPV](#)
- [Protecting my teenager](#)
- [The HPV vaccine and my teenager](#)

If you have any concerns or would like to withdraw your consent, please contact the Immunisation team on scfh.immunisations@hcrhcaregroup.com or 0300 247 0025 and inform your child's school.

Measles, Mumps, Rubella (MMR)

By now your child should have had two doses of MMR to fully protect them from the diseases of MMR. If your child has NOT had two doses of MMR, and you would like them to be protected, please complete the MMR consent form. Further information about this vaccine is available on the GOV.UK website: [MMR for all: general guide](#).

Please visit the [Children and Family Health Surrey website](#) for information about the school-based vaccination programme and to read our [Privacy Policy](#).

Yours faithfully
Clinical Service Manager
Surrey Immunisation Team
