3 November 2026

Dear parents and carers

We're really pleased to share with you that a consultation is being undertaken by Surrey County Council regarding a **proposed School Street scheme outside the main entrance to Carrington School**.

The proposal would **introduce a School Street on Noke Drive (from the junction with Knights Place) and Knights Place**, creating a temporary pedestrian and cycle zone during school drop-off and pick-up times. The aim is to reduce traffic congestion, improve air quality, and make journeys to and from school safer for students, families and local residents.

Under the proposal, vehicles would not be permitted to enter the designated area during the restricted times unless they have been granted an exemption. Signs to inform drivers of the restrictions would be installed at the entrance to the road.

The proposed operating times are 8-8:45am and 2:15-3:45pm Monday to Friday, term time only. To enforce this, an Automatic Number Plate Recognition (ANPR) camera will be installed on the street with a Penalty Charge Notice (PCN) sent to vehicles without a registered exemption entering the School Street during its operational hours.

We encourage all members of our school community to review the proposal and share their views as part of the consultation. Your feedback will help inform the council's decision-making process.

To find out more and have your say on the proposed School Street, you can **complete the survey here**. Please note, consultation is open **until 18 December 2026**.

There will also be an **in-person drop in consultation evening** run by Surrey County Council held at the school on **Tuesday 17 November from 5-7pm** in Antares.

Best wishes,
Miss K Oakley
Headteacher
