

5 March 2026

Dear parents and carers

As this week is **National Careers Week** it is an opportunity to highlight the [programme of support](#) that we have in place here at Carrington to inspire your young person about the range of careers available for the future and to support them make some really great career decisions whilst they are here at school.

I thought it might also be useful for you to receive [The Parents Guide to Careers](#) that I have been sent which covers a range of careers related topics including post 16 and post 18 options and applying for university or for an apprenticeship.

If your young person has any careers related questions, please encourage them to come and chat to me in Room 2-12 on Tuesdays, Wednesdays and Thursdays.

Best wishes
Mrs J Pearce
Careers Lead
