

6 November 2025

Dear parents and carers

As you know, next week is **SKI Week for all students**. For **Key Stage 3**, assessments start on **Tuesday and finish Friday lunchtime**. Friday afternoon will be their usual Excellence Programme session.

All of the sessions are on your young person's timetable on Arbor for next week. Please note the following important information.

- For the practical PE exam on Friday, your young person should come into school wearing PE kit
- Full uniform should be worn on all other days
- Where the timetable says 'History', both History and Geography will be assessed
- Where the timetable says 'Science', both Science and Computing will be assessed
- Where the timetable says 'RE', both RE and languages will be assessed

During Period 5 and 6 on Friday (showing as Computing on Arbor) there will be a study skills session to help with preparation for future exams.

There will be an exam results report issued before Christmas so that you can see how your young person has got on. I hope that your young person has a successful week next week.

Best wishes

Mr B Stafford

Director of Emerging Technologies
