Dear parents and carers

Following on from my email of 18 September, I am writing to provide guides on how your young person can make their applications to Reigate College and East Surrey College. Guides on how to make applications can be found [HERE under 'College Applications EVERYTHING YOU NEED TO KNOW'](#). Your young person received this information in their PD lesson yesterday.

Applications for Reigate College can be made now but **PLEASE NOTE** that applications to East Surrey College are not yet open. The application portal for East Surrey College will open soon and I will email you again when this happens. The deadline for students making their applications to both Reigate College and East Surrey College is **Friday 20 October**. I appreciate that the timeline for making applications to East Surrey College will be quite tight. Please be assured that the application process is quite straightforward for both colleges and your young person will be getting lots of support in school to assist with the process.

When making a college application it is always a good idea to attend the open event first. Many of you have already attended these, but for those who have not, a reminder of forthcoming open events is shown below:

Reigate College

Monday 9 October 18:00 – 20:30 **PLEASE NOTE THAT THIS OPEN EVENT IS NOW FULLY BOOKED.** If your child is intending to apply to Reigate College and has not yet attended an open event please encourage them to look at the course details on the college website before making an application.
