

7 October 2025

Dear parents and carers

East Surrey College have just informed me that they have shifted the time window for applications. **Courses for September 2026 start will now not open until Friday 17 October.**

If your young person is considering making an application to East Surrey College, please ensure that this is completed over half term between Friday 17 October and Monday 3 November. **If an application has already been submitted to East Surrey College for a course with a 2025 start (because this was the only option available) please make another application for 2026 start in the new time window.**

Please note that these new application dates only apply to East Surrey College. **Applications to Reigate College must be made by the 17 October as previously advised.**

If you have any questions please let me know (jpearce@carringtonschool.org).

Best wishes
Mrs J Pearce
Careers Lead
